Shay's Zol Travel

Shalom everyone,

Due to our economic times we all face the struggle of summer time vacations within the confines of a tight budget. While creatively searching for frugal (Zol) alternatives to extravagant vacations, I happened upon some great deals and I wanted to share them with you. Some are free and some are drastically reduced. Hope you are all able to enjoy at least a few activities this summer.

Please let me know what you think. While on my search I realized that Jewish activities in California were not very well advertised. I will try very hard to include as many as possible. Safe travels!

Shay
